Whereas research has clearly shown that second-hand smoke in automobiles can be significantly more toxic than in other locations which are frequented by both adults and children; and

Whereas the Ontario Medical Association reports that children who have been exposed to second-hand smoke are at a higher risk for respiratory illnesses including asthma, bronchitis and pneumonia, as well as sudden infant death syndrome (SIDS) and increased incidences of cancer and heart disease in adulthood; and

Whereas the protection of our children from all harm where possible should be of utmost importance to all of us;

Now therefore be it resolved that City Council receives the letter of November 29, 2007 from Dr. Janice Willet, President of the Ontario Medical Association, regarding an amendment to Ontario legislation which would effectively ban smoking in automobiles transporting children and further that City Council provides its unequivocal support and urges the Government of Ontario to approve such amendment through passage of a Private Members Bill which was introduced in the Legislature by Sault Ste. Marie M.P.P. David Oraziatti on December 6, 2007 (Protecting Children and Youth from Second-Hand Smoke in Automobiles Act); and

Further that copies of this resolution be forwarded to Sault Ste. Marie M.P.P. David Oraziatti, Manitoulin M.P.P. Mike Brown, FONOM and AMO.

Province Announces Community Go Green Fund for Greenhouse Gas Reduction Projects

Issue: The Ontario Ministry of the Environment has announced the Community Go Green Fund, a \$6.6M/four year fund for local projects that reduce greenhouse gas emissions. Municipalities with under 20,000 residents are welcome to apply.

Background:

The Ministry of the Environment has launched the call for applications for the Community Go Green Fund (CGGF). The CGGF is a new, four year, \$6.6 million dollar program that provides funding for local projects that reduce greenhouse gas (GHG) emissions.

The ministry welcomes applications from local not-for-profit groups across the province. Proposed projects must:

- seek to reduce GHG emissions;

- promote long-term behaviour change.

Municipalities with populations of 20,000 or less are also able to apply for funding. Funding is limited to a maximum of \$100,000 per project.

Orazietti moves to ban smoking in autos with kids

By Elaine Della-Mattia
THE SAULT STAR

McGuinty opposed to idea earlier this year

Sault Ste. Marie's MPP David Orazietti today will introduce a private members bill that would make it illegal to smoke in a vehicle carrying children under 16.

The bill, called the Protecting Children and Youth from Second Hand Smoke in Automobiles Act, would allow police to stop suspect vehicles under the Highway Traffic Act.

Offenders could be fined up to \$200 for a first offence, with increasing fines for subsequent

offences, if the bill passes into law. Orazietti said his bill has the support of health-care organizations including the Ontario Medical Association and the Harvard School of Public Health.

Research studies show that second-hand smoke is harmful, especially in confined spaces, and can lead to more respiratory illnesses, bronchitis and cancer.

"This is something that I've been working on for about a year," Orazietti said.

**'I'M JUST NOT PREPARED
TO GO THERE.'**

— Premier Dalton McGuinty

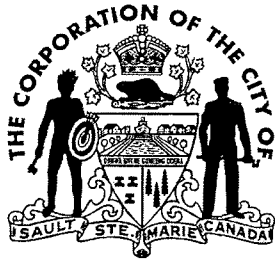

California has a similar law, but it only offers secondary enforcement. That means a police officer would not be able

to stop a vehicle if he saw an adult in the vehicle smoking, unless some other infraction also was being committed.

"In order to be effective, we need the tools to enforce the legislation and that needs to be done at the provincial level," he said.

The bill includes amendments to the Smoke Free Ontario Act and the Highway Traffic Act, which Orazietti said will ensure enforcement.

In February, Premier Dalton McGuinty said making it illegal for parents to smoke in a vehicle in which their children are passengers is a slippery slope that could infringe on people's rights. "I'm just not prepared to go there," McGuinty said.

Emergency Management Committee

05 December 2007

Mayor John Rowswell and Members of Council
99 Foster Drive
Sault Ste Marie, Ontario

Dear Mayor Rowswell and Members of Council:

Re: Request for Resolution of Support

A motion was passed at the 21 November 2007 meeting of the Emergency Management Committee that correspondence be forwarded to the Sault Ste Marie City Municipal Council requesting that they consider a resolution of support encouraging all school boards operating in our jurisdiction to incorporate total back-up power capability into any newly constructed educational facilities.

The prolonged loss of electrical services within our community is a primary concern of the Sault Ste Marie Emergency Management Committee and equipping these facilities with back up power would not only greatly enhance the safety and security of the students and staff but the community as a whole.

The committee feels that it is prudent to bring this to the attention of the Board while they are in the planning phase of constructing several new educational facilities within our municipality.

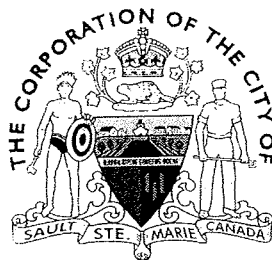

On behalf the committee, I would like to thank you for your consideration in this matter.

Sincerely,

L.Campbell
Emergency Management Coordinator

Memo To: Councillor Terry Sheehan
Chair, Council Youth Committee

Subject: Declaring 2008 Year of Youth

You had requested that I provide the committee a general outline of what I see in declaring 2008 the "Year of Youth". When I became Mayor in 2001, it was essential that we concentrate on jobs and diversification, then the priority went to the hospital/health care. Somewhere along the way, Council's priorities moved away from youth and family. However, this has always been our objective, bringing our youth home and a better and stable community to live in for children and families. It is time we as a Council put some resources into youth. Some of us last year tried to at least start with the Youth Council request for a Youth Coordinator. It is time we do more than this.

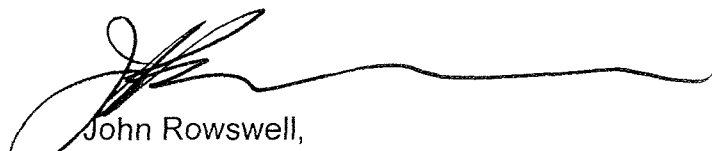

You are aware that I am swimming laps to raise money for youth at the YMCA.

Next year, should be declared the "Year of Youth in Sault Ste. Marie". It should start with a Youth Forum on Friday, January 18 and go all day Saturday, January 19. We should invite all youthful thinkers and have a summary made of what to advance.

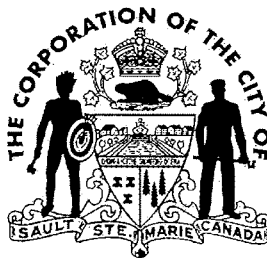

Projects like the skateboard park, the indoor soccer facility, trails, Hiawatha, YMCA and others need to be realized. Outcomes on how best to make Sault Ste. Marie a great place to raise a family is a positive image to attract new companies and employees for growth.

We have waited long enough, let us give youth our priority. Your consideration of "2008 Year of Youth" would be appreciated.

Respectfully submitted,

John Rowswell,

Committee: Mayor Rowswell, Councillors Myers, Tridico, Manzo and Sheehan.
